ELBA, ALABAMA, THURSDAY, FEBRUARY 2, 1967

NUMBER 28

## Rainer Reports Progress Of Peoples Bank

According to a report by Lamar Rainer, Jr., president of The Peoples Bank, 1966 was a good year for the bank which was established early in 1964. The bank held its 3rd annual stockholders meeting January 26th and reported resources at \$2,406,361 on December 31st, up more than \$650,000 representing an increase of 37.8% over 1965.

Deposits showed a gain of \$606,816 for the year 1966. The report shows a good portion of the gain was in public funds; deposits of individuals and corporations increased 32% over the same class deposits for 1965. Loans increased from \$898,960 to \$1,223,410 reflecting the continued strong demand for credit.

Investment securities jumped from \$335,689 to \$777,621. The bank was able to increase investment earnings 58 1/2% on 451/2% more money investing. Capital funds were increased \$17,885.88 through retained profits. The Undivided Profits Account has been increased by more than \$9,000 over the starting figure.

Directors are L. S. Rainer, Jr., chairman; James L. Clay, Dr. Rexel Cook, Walter W. Cox, T. K. Dorsey, R. D. Easters, Phillip J. Hamm, J. M. Kimmy, I. B. Murphree, S. E. Sawyer and Mack Wise. They elected the following officers: L. S. Rainer, Jr., president; R. D. Easters, vice-president and secretary; Gerald Tucker, cashier.

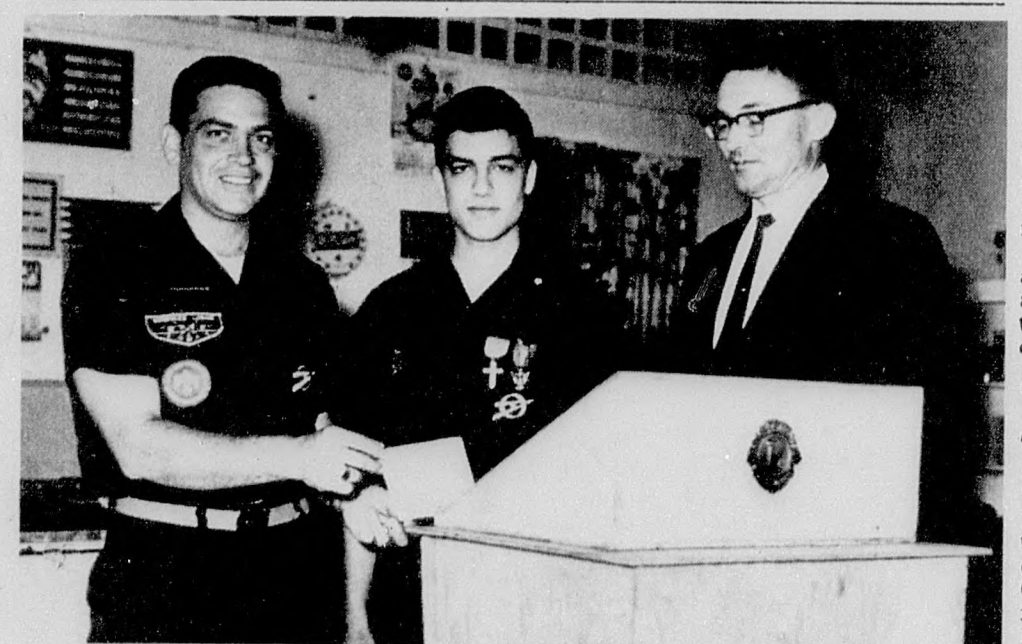

## Allred Honored By First Baptist Deacons

The Elba First Baptist Church recently honored Charles Orville Allred, Sr. upon his 45 years of service as a deacon. He was presented an inscribed plaque on behalf of the church by Chairman of Deacons, Harold Hudson. Mr. Allred was ordained a deacon in 1922 by the Mulga Baptist Church near Birmingham - a church which he and Mrs. Allred, along with 10 other members, had helped establish in 1921. Other churches in which he served include the First Baptist Churches of Fairfield and Florence, Alabama, and McMinnville, Tennessee. He has served as a deacon of the Elba First Baptist Church since

returning to Elba in 1946. Mrs. Allred is the former Minnie Reece, of Enterprise. The Allred's three children are Mrs. William F. Danc, of Valdosta, Georgia, Mrs. Julian Murphy, of Springfield, Massachusetts, and Charles O. Allred, Jr., of Opp, Alabama.

## Legion To Meet

Culver Post 42 of the American Legion and Ladies Auxiliary will hold their regular monthly meeting Thursday night (tonight) at 7:00 in the National Guard Armory. All the members and their families are urged to attend.

NEW EAGLE SCOUT. Scout Advisor Donnie Morrow, left congratulates new Eagle Scout Michael DuBose. Lions Club President John W. Sharpless looks on. The local Explorer Scouts are sponsored by the Elba Lions Club.

## DuBose Youth Joins Brother As Eagle Scout

The Elba Explorer Post 37 met with its sponsor, the Elba Lions Club, at Paul's Cafe for a supper and the presentation of awards Tuesday, January 24, 1967. The program started when the Post Advisor, Mr. Donnie Morrow, presented the Post Charter to Mr. John W. Sharpless, President of the local Lions Club. After the presentation of the charter, Mr. Morrow, with the assistance of Post President John H. Foreman, presented awards to the members of the Post for their advancement. Those receiving merit badges were: Michael Du-

Bose, John H. Foreman, John Michael Williams, Howard L. Foreman, and Jack Hudson. Those members receiving rank were: Jack Hudson, Life rank; Howard L. Foreman, Life rank; John Michael Williams, Bronze Palm, which comes after one receives Eagle rank. The climax of the program was the presentation of the rank of Eagle to Michael DuBose, son of Mr. and Mrs. Marcus S. DuBose. Those who were to receive awards but could not attend were Charles Crosby and Daniel B. Stephens. Charles was to receive a number of merit badges as

KINSTON BASKETBALL TEAM from left to right standing are B team coach and varsity assistant Randy Griffin, Billy Nobles, Tim Sumblin, Jimmy Canley, Harrell Reynolds, Ronnie Keith and Coach Craig Pennell. Knelling from left are Mance Daughtry, David Johnson, Hugh Daughtry, Tommy Martin and school principal James Helms. Not shown is teammate Wayne Holley.

## Class Of Gray Ladies To Begin Here Soon

A meeting will be held February 15th at the Coffee County Health Center in Elba by the Red Cross Chapter for an orientation meeting of volunteer workers.

## Rescue Squad Now Operating In Elba

The Elba Rescue Squad officially went into operation Friday, January 27th, at 6 P.M., according to Captain Leroy Miller. The rescue squad is available for any emergency - in the home or on the highway. A call to the rescue squad can be made through the police station, and no charges are made for their services. However, any donation will be appreciated. The rescue squad is available 24 hours a day and all members are trained in first aid procedures.

## Girl Scout Art Show To Be Held Soon

To promote the creative thinking and growth which enriches lives, the South Central Girl Scout Council is promoting its first Arts Festival in Elba on February 11. This festival will offer the Girl Scouts of Elba, Enterprise and Geneva the opportunity to create and submit for criticism and judging their artistic endeavors.

## Mrs. Sessions Called On Jury

Judge Eris Paul convened a Jury Selection Board to refill the Jury Box last week. For the first time in history, summons for Grand Jury Duty included calls to seven women. The first lady's name drawn from the box was Mrs. Betty R. Sessions, of course the next two minutes of play but then, the slow start, the dam burst. Glen Elmore hit a field goal with 2:45 left in the first quarter to give the Generals a 7-5 margin and a lead they never relinquished. With the fans on both sides at a fever pitch, giving the game an atmosphere

## Kinston Bulldogs Drop For First Time - To Lee

The Kinston Bulldogs lost their first game last Friday night when they played Lee in Montgomery. Considering that the Kinston Bulldogs were playing a much larger school the score of 38-47 was not so bad. The report in the Alabama Journal, dated Saturday, January 28, is being quoted below: It took a while for the Robert E. Lee Generals and Kinston Bulldogs to get moving on the basketball court Friday night but when they did, a battle royal erupted that did not end until the final buzzer. Lee won the game 47-38, but that fact alone, while of importance to the Generals, actually was secondary to the spirit in which the game was played. Kinston was obviously seeking revenge. In the 1965-66 season, Kinston had a great team that eventually won the Class AA state championship. But during the season, the Bulldogs played Lee in Montgomery and fell by only one point. So last night, Kinston, with a population of 470, apparently brought to Montgomery all the people from the city, and some from greater suburbia, in a brazen display of admiration for its team. The admiration stemmed from the fact that Kinston was undefeated in 15 games and had chalked up two victories over Dothan, a 4-A school, and had beaten AAA power Eufrasia. And for a while it appeared that Lee would be added to the list. But only for a while. It took two minutes and 43 seconds before the first two points were scored in the game, those on a field goal by Kinston's Jimmy Canley. Lee immediately tied it up on a field goal by Jack Parker. Both teams got only three more points in the next two minutes of play but then, the slow start, the dam burst. Glen Elmore hit a field goal with 2:45 left in the first quarter to give the Generals a 7-5 margin and a lead they never relinquished. With the fans on both sides at a fever pitch, giving the game an atmosphere

KINSTON HOMECOMING QUEEN Janice Bowden, center, is flanked by her attendants, Gayle Cooper, left, and Ann Reynolds, right. Miss Bowden and her court will reign over homecoming activities at Kinston on Friday and Friday night.

Miss Godwin - Mr. Lasseter

## Announce Wedding Plans

Mrs. Walter M. Godwin, cultural stabilization and conservation service, USDA, announces the engagement of her daughter, Winelle, to Howard C. Lasseter, in cattle farming. The wedding is planned for March 11 at 7:00 P.M. in the Old Tabernacle Methodist Church. All friends and relatives of the couple are invited to attend.

## YOUR Health

"Your Health" is presented by Young Christian Life Association of the State of Alabama. The three billion people on earth today consume an estimated 80 million tons of salt a year. In some areas, people live on an average of about two grams per day per person, whereas in the United States, the per capita use of salt is 280 grams a day. Much salt comes from the sea, estimated at 70 million tons a year. The ocean has been for thousands of years and still is the main source of salt. Salt is also mined from huge deposits in this and other countries. Salt is not only necessary to life, it adds flavor to our food.

## Elba Girls To Dance In Mid-Year Recital

The Dorothy Rainer Sellars Studio of Dancing, Elba, presents a mid-year recital on Friday evening, February 10, at 8:00 o'clock, at the Elba City School Auditorium. The program, a commented dance demonstration entitled, "What Are They Doing at Dance School?" is designed to present information about dancing and dance training. Examples from ballet classes will illustrate the various graded levels in a student's training, some technique and rhythms in character ballet and on principles of dancing on pointe. Some demonstrations will be given to show how classical ballet technique relates to other dance forms and the interrelation of dance to the other arts of music, painting, and sculpture. Basic

## YWA Girls Meet With Miss Snellgrove

The First Baptist YWA met for its second meeting of the new year on January 25th at the home of Jackie Lane, and a great-grandson Snellgrove, President Barbara Miles called the meeting to order and Judy Miles, Program Chairman, took over the meeting. The members present were: Mrs. W. C. Braswell, Barbara Brunson, Barbara Miles, Judy Miles, La Wanda Houtt, Jackie Lane, and Miss Snellgrove. The National Defense talk was given by Mrs. W. E. Martin. Mrs. W. E. Martin gave Mrs. Jack Brunson.

Miss Amelia Sue Sessions

## Miss Sessions To Marry

## Mr. Rhoades In March

Mr. and Mrs. Bowden Junior College where she will graduate in June. The groom-elect is a graduate of Kinston High School and is presently employed at Fort Rucker, Alabama. The wedding will be an event of March 18, 1967, at six-thirty P.M. in the Fairview Baptist Church, Samson, with the Reverend Clyde L. Johnson as the officiating minister. Immediately following the ceremony, the bride-elect's parents will entertain with a reception in the church fellowship hall. No local invitations are being sent. All relatives and friends of the couple and their families are invited to the wedding and the reception.

## LATE BLOOMER

The rare *Puya raimondii*, discovered in Bolivia in 1870, blooms only once in the plant's 150-year life span!

## WHAT YOU SHOULD KNOW ABOUT COLDS

Although it is now possible for a physician to diagnose and stop pneumonia almost overnight, the cure of the common cold is still a problem. All that can be done is to take medicines, which usually can relieve troublesome symptoms and prevent complications. We have many reliable products for cold discomforts like a stuffed nose, coughs, raw throat, or a headache. But if relief is not soon, or a fever persists, don't wait. Visit a physician before complications develop. YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A visit many people entrust us with their prescriptions. May we compound yours?

## Attend The Church Of Your Choice Sunday FROM OUR OLD FAMILY ALBUM...

What nostalgic memories this picture brings. Every Sunday morning we used to drive to Church in Pop's old "fiver" picking up the Parson on the way.

Today I live in a great city. I ride commuter's trains, and dictate letters, and spend endless hours "in conference."

But I've never forgotten our Church in the field. It plowed deep furrows in my life, and planted the seeds of real happiness.

Now I worship in a big city church. You might think it would be different; but it isn't. Folks are just as friendly. The Truth is just the same. And God is just as close.

You see, in the country or in the city, Christians are conscientious people trying to be better. And for folks like you and me who worship God, the Church — big or little — is home.

## FARM NEWS

—By Tom Casaday County Extension Chairman

**CORN**  
Sam Reeves, of Route One, New Brockton, out in the Damascus Community was saying the other day that he wanted to plant more corn this year than he did last year. Reeves gave out of corn this year and found out how expensive it is when a farmer with cattle and hogs to feed runs out of this valuable feed. I hope that we can increase corn acres this year and also increase the yield per acre. Almost all of our folks are pushing for higher and higher yields.

**HELPERS**  
Agri-business folks in Coffee County are really pushing soil testing. We get copies of the reports of all soil tests sent to Auburn and there has been a big increase in the past thirty days in the number of samples going in. In fact, we believe this year is exceeding all previous years. More and more folks are coming to grips with this business of soil fertility. About the only solution to the price-cost squeeze that I can see is to try to increase yields sufficiently and soil testing is a basic step in this process.

**PEANUT TOUR**  
Thirty-five Extension workers and agri-business leaders in the Wiregrass have just completed a tour of the Tifton, Georgia, Experiment Station. The Tifton Station under the direction of the University of Georgia is doing outstanding research work. We studied their production program and we believe that our growers will profit from some of the things we learned.

**TOUR**  
The officers and directors of the Coffee County Hog Producers set the date for the annual meeting on February 28. An outstanding program is being planned for the members. The directors discussed the proposed pork production program.

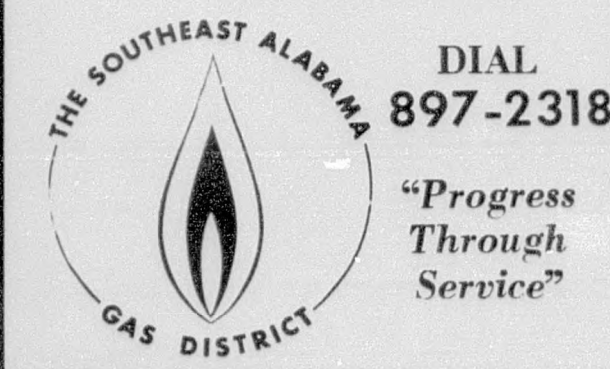

Cash receipts from the proposed pork production program in 1966.

**HAS BIG HOPES!** Richard Day of Route One, Opp, son of Mr. and Mrs. Charles L. Day, is training his 4-H fat calf in hopes that he will be leading a winner in Coffee County 4-H Fat Calf Show in April. Richard is very active in 4-H Club work in Kinston School. He is now serving as Devotional Leader for the 4-H Junior Boys' Club. By participation in 4-H activities, Richard is learning by doing.

## Farmers Reminded Of Cotton Signup Deadline

Cotton farmers were reminded recently that the signup for the 1967 upland cotton program will extend over the 7-week period from January 30 through March 17. Signups will be held during the same period for the 1967 wheat and feed grain programs.

Roy L. Ellis, Chairman, Agricultural Stabilization and Conservation County Committee, pointed out that the signup period for upland cotton farmers represents a change from an announcement last November, which called for a somewhat longer signup period. Since filing an application to take part in the program is the first step in qualifying for any cotton-program payments, it is important that farm operators keep the signup period in mind.

## Chicken Farms "Getting Bigger"

Alabama's poultry picture looks brighter than ever, according to Extension Poultry Specialist Charles Thomas. "The state's poultry farmers produced a bumper crop of 322 million broilers this year," states the Auburn University staff member. "This is an increase of 30 million, or 14 per cent from last year. And total broiler income has also increased. Income in 1966 was \$158 million, compared to \$138 million last year. Thomas points out that growers are continuing to provide better housing facilities which improve the environment for the chicks and increase production. The operator is also able to handle about 40,000 birds at one time, while 10 years ago he was able to handle only about half as many.

## Low Yields Can Be Increased

Do you have areas on your farm where the crops show no hunger signs but top yields are seldom made?

If so, you need soil tests to determine what is limiting crop yields, according to County Extension Chairman Tom Casaday.

You can avoid low crop yields and low profits caused by hidden hunger, he explains, by following a regular soil testing program and applying lime and fertilizer as recommended.

"Before the soil testing laboratory opened in 1953, deficiency symptoms occurred frequently in fields throughout the county," notes Casaday.

"When plants or crops reached this stage, profits had been declining for some time."

Farmers today are using the soil testing laboratory to determine what plant nutrients are needed to maintain a balanced soil fertility program to avoid any yield loss caused by deficiency.

Casaday maintains that soil testing has helped to increase farm income tremendously.

When soil testing laboratory began operation, he points out, farmers were producing only about 280 pounds of lint cotton an acre and only 15 bushels of corn an acre.

Last year, however, right amounts of fertilizer and lime is the main reason for better yields. Of course, adds Casaday, all other good management practices must be teamed with a good fertility program.

**KINSTON'S FIRST BASKETBALL TEAM** - Pictured is Kinston's first basketball team which was in 1924. Record of the team's progress is not known in order to compare with this season's win of fifteen games straight without a loss, losing only to Lee in Montgomery last Friday night.

In the above picture from left is Thelma Smith, teacher in the Kinston school at that time followed by Foster Fuller, Joe Goodin, Ellis Roberts, Charlie Stone and Joel B. Moody.

Foster Fuller now lives in Mobile. He married the former Opal Gooden, both Kinston natives. Joe Gooden lives in Shilo, Georgia and is married and has a large family. He operates a service station and grocery store. Ellis Roberts lives in Georgia but it is not known just where. He left Kinston about 1925. Joel B. Moody lives 3 miles north of Kinston and is married to the former Merle Ellis and they have five boys, four of them lettering in basketball, all at Kinston. He has had a boy playing on the Kinston team for the past sixteen years. Charlie Stone lives in Florida, leaving Kinston in 1927. Not much is known about his activities.

It is interesting that all members of the 1924 basketball team are living, all married and have families.

**Gray Ladies**

meeting on February 15th is to give the volunteers a general understanding of the work they will be doing and of how their own work relates to that of others in the Red Cross and others in the hospital. Volunteer workers serve without pay, assisting with phone calls, telegrams, etc; running errands for patients; writing letters for patients; reading to patients; caring for flowers; transporting wheelchair patients and assisting nurses in their duties.

Eight volunteers are now working in the Elba Nursing Home and doing an excellent job assisting the aged.

Today, programs are being carried on in a large number of state mental hospitals, in nursing homes and other institutions, in clinics, and in the homes of shut-ins and chronically ill persons. Gray Men have been serving for a number of years.

Gray Ladies are ambassadors of good will. They have a love of people and a sincere desire to be of service.

Arlington, the Birthplace of Birmingham, stood almost alone on an Alabama hillside for 30 years before the Magic City sprang up around the ante-bellum home.

Today 1,000 visitors a month motor down wide urban streets to see the historic mansion.

Now surrounded by the steel and stone of America's youngest major city, Arlington's 25-year-old wooden columns form doorways leading visitors back to an elegant era. The six-acre tract of landscaped greenery sharply contrasts with modern buildings and nearby skyscrapers.

Thomas S. Mudd, using slave labor, built the mansion in 1842 as a wedding gift for Florence, his bride. From his new home, Mudd overran the large plantation which covered an area destined to someday be the very heart of Birmingham.

Arlington has survived many threatening changes. A union general, J. H. Wilson, chose to save the home and make it his headquarters in March, 1865. (Wilson's Raiders sacked Selma and conquered Montgomery a few weeks later).

Elyton, the original settlement, was engulfed by Birmingham shortly after the new city was founded in 1871. Birmingham grew like magic as the century turned when the forces and factories of the steel industry mushroomed.

Arlington was hemmed-in but unharmed. Visitors continued to view the hand-carved mantels, French Victorian bedroom, parlors and drawing room, antiques and furnishings donated by Alabama's aristocracy added to the mansion's romantic appeal.

To get to Arlington, drive down First Avenue North which becomes Cotton Avenue at Third Street.

Now deeded to the City of Birmingham, Arlington social security district really belongs to the past manager in Dohan, said and the present Alabama, recently. A worker may America and the world now be eligible for bene-

fits if he has a disability which has lasted or is expected to last at least 12 months, and prevents him from working.

Although the disability provisions of the social security law were changed in July 1965, Mr. Scott said, his office has seen evidence that some disabled workers have been passing up benefits because they have not heard of the 1965 changes. One important change removed the requirement that a disabled worker be long continued or permanent without expectation of recovery. Another eases the work-

requirements for persons whose disability is blindness. Under present law, a person who becomes blind before age 24 may be eligible for benefits with only 1 1/2 years of work in the 3 years before becoming blind, and before becoming blind, may qualify for the 1 1/2 years of work in the 3 years before becoming blind, and before becoming blind, may qualify for the 1 1/2 years of work in the 3 years before becoming blind.

Workers who become blind at age 31 or later, or who have disabilities other than blindness, need credit for at least 5 years out of the 10 years before their disabilities began.

Social security payments for a disabled worker range from \$44.00 to \$135.30 a month, depending on the worker's average earnings under social security. Benefits may also be paid to certain of his dependents, Mr. Scott said. He urged disabled workers to inquire about eligibility for these benefits at the Dothan social security office located in the Federal Building, 100 West Troy Street. The phone number is 794-3161.

### General Oden Speaks To Rucker Grads

"Never has the Army glowed so brightly as it does in Vietnam today," Major General Delk M. Oden, who will become commanding general of Fort Rucker later this month, told fixed-wing aviators at their graduation Thursday, February 2.

Introduced by Major General John J. Tolson, commanding general of the post and a former classmate at the U. S. Military Academy, MG Oden addressed the 26 graduates of Officer Fixed Wing Aviator Class 66-12, most of whom will soon be piloting aircraft in Vietnam.

A senior aviator, MG Oden commented that "the young captains and majors of Infantry and Artillery who are serving in Vietnam today --- the non-aviators," recognizing the importance of aircraft in support of ground operations, are the ones who are "going to keep aviation going in the Army."

"No one gets shot at more in Vietnam than an aviator," said MG Oden, now director of Officer Personnel, Office of Personnel Operations, Department of the Army.

He commended the attitude of those aviators who must return for a second tour in Vietnam, saying that having been there before, they are prepared for a "rough and very challenging year, which they know is worthwhile."

MG Oden stated, "You're in a young man's game," explaining that by June 30, 1967, almost 50 per cent of the commissioned officers in the U. S. Army will have less than two years commissioned service.

Special honors went to Captain Kermit E. Larson, Jr., of Denver, Colorado, and Warrant Officer Paul T. Feinstein, of Arlington, Virginia, who received the highest combined grade averages in their respective classes.

Carolyn is a junior in the Elba High School where she is active in many school and community activities.

Carolyn Marler, daughter of Mr. and Mrs. Carol Marler, of Route 5, Elba, was named winner of the Coffee County Beef Cook-Off held in the Enterprise High School on February 6, 1967, at 7:00 P.M. She was presented a check by the Coffee County Cowbelles Association, sponsor of the contest, for her dish, "Hungry Boy's Casserole."

She will compete with the other 62 county winners in the State Beef Cook-Off on February 17, 1967, in Montgomery, Alabama.

The first place winner will receive \$300, the second place winner, \$200, and the third place winner, \$100. They will also receive tickets to the rodeo to be held that night in the coliseum.

Scouts Launch

Members of the Boy Scouts of America in Southeast Alabama and Northwest Florida will join millions of brother Scouts around the world in a year-long World Friendship program that is being launched this month.

As a part of the 60th anniversary of world Scouting, local Cub Scouts, Boy Scouts, and Explorers are planning special activities that will be climaxed with Friendship Campfires and meetings during the week of August 1 to 9 when the XII World Jamboree will be held at Farragut State Park, Idaho, according to Howard Miller, the Alabama-Florida Council chairman for special events.

The theme, "For Friendship," will be followed by the 5,050 Scouts in this area and will include correspondence, scrapbooks, tape exchanges, projects related to hiking and cooking skills from other countries, and participation in the World Friendship Fund of the Boy Scouts of America.

The Alabama-Florida Council will be represented at the XII World Jamboree by Scouts.

The rustlers are becoming braver with each successful strike and it is just a matter of time before their overconfidence will be their downfall.

Born in Elba, Alabama, Poole comes to Avco-Huntsville from Trans Data, Incorporated, Huntsville, where he was a sales engineer. He has also worked for Spaco, Incorporated, Comprehensive Designers Incorporated, and the Autonetics Division of North American Aviation in various sales engineering assignments.

Elba Tigers Ring Impressive Baskets

After a rather slow start at the beginning of the basketball season, the Elba varsity cagers have come back like "tigers" since the Christmas holidays. There is no way of knowing what caused the change but something sure clicked.

Since Christmas the Tigers have handed their opponents nine defeats, while bowing only to the strong Kingston team.

The Tigers have lately shown the capabilities that coaches and fans felt they possessed.

Coach Roland Powell and the Tiger fans have high hopes for the remainder of the season, and the Tigers' resounding victory over the Troy Trojans in Troy last Monday night seems to say that the Tigers don't intend to let anyone down.
